LET'S CIAO'S EVENTS AT CLIENTS PREMISES

Do you need new ideas for a party?

What about a "Pizza Party" at your house?

Have all your guests participate in a fun and entertaining pizza preparation contest and reward the best one. You can choose the categories you want to reward (examples: the most colourful, the meat lovers, the most creative, etc...).

Doesn't it sound like fun? Everyone will give his best to win.

How does it work?

Let's Ciao, Inc. will provide you all the ingredients to prepare the pizzas (above all its secret fresh homemade dough). We will come to your house and prepare everything in order for the participants to start working on their pizzas and showing their talents as "Pizzaiolos".

And the best part is that you will get to have a taste of the pizzas.

People will enjoy participating in that kind of event and will talk about it for a long time.
